

# Message from the Managing Director

“To embark on a journey of success one needs the tools of preparedness, foresight and strategy. These lead to the path of growth and high quality operation. Realizing the responsibility on the shoulders of each member of Springfield Corporation, we endeavor to be one of the most competitive companies in the industry with emphasis on efficiency in operations, reliability for customers and thrust on discovery and searching of new products.

One of Springfield’s strengths lies in our focus on the power of the workplace. Springfield’s top management is continually observing the workplace, aiming to create a shared understanding with those onsite that there is no limit to human capacity and ingenuity as we seek solutions that bring us closer, one step at a time.

Gearing up for the future, we have the key success factors necessary to withstand the winds of change. The encouragement provided to build a highly skilled and creative research and development team, which is reinforced by the state-of-the-art infrastructure. Also a well monitored marketing and distribution network, which is aimed at attaining brand equity among our wide-reaching customer base.

We will continue to strengthen these efforts, aiming to realize continuous growth through the thorough application of our principles of customer-first, good quality, and affordable price. We will also employ innovation based on knowledge and continuous improvement to earn the satisfaction of our customers and to contribute to the kind of future mobility that the world needs.

We shall strive to accomplish our dreams and goals to bring greater effulgence in the future.”
